JUNE 2022 NEWSLETTER

Dear Residents and Families,

We had a great time during our Easter Eggstravaganza!

Residents, families, and staff had a wonderful time with all the newborn critters — rabbits, goats, sheep, and even a calf. Kids hunted for Easter eggs filled with a variety of goodies in our beautifully decorated courtyards. We even had the Easter Bunny hopping around!

On top of all that, everyone enjoyed the Kona Snowball truck with so many yummy flavors. We hope you had the opportunity to enjoy the Piña Colada flavor! God is so good — He blessed us with perfect weather that day.

I am truly impressed with the dedication of our staff, our vendors who provided support, and our residents who have such a joy for living. We all had a memorable experience.

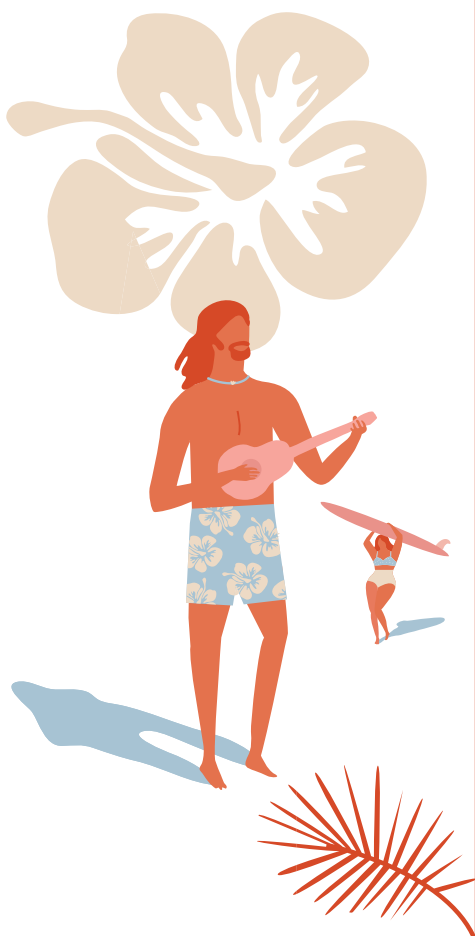

Spring brings newness to life. It is evident in all the flowers and roses blooming at Rosewood. We hope all our Rosewood moms enjoyed the special Mother & Daughter Tea Celebration for Mother's Day. Specially prepared tea sandwiches, prizes, and delicious cookies made the time together even more special. Thank you to the Dietary staff for making it happen!

We have concluded administering the COVID-19 booster and pneumonia vaccine for those who signed the consent forms. If you missed it, please advise a nurse, and we will arrange to get you vaccinated. We are pleased to report that we have had no cases of COVID for a few months now.

I am also excited to announce that we have a new member of the Rosewood Leadership team. Please join us in welcoming Tori Rogers, our new Life Enrichment Director! She began her new position on May 5th and will soon win your hearts with her loving personality. She is a Board Certified Music Therapist and has had Dementia Training too. We are so fortunate to have her leading our Life Enrichment Department. Please give her a big Rosewood welcome!

We will celebrate Father's Day a few days early, on June 17th. Keep an eye and ear out for more details about this event. What a great time we will have.

Greg Pflug,
Executive Director

Introducing Rosewood Rubies

New Activities Initiative

Tori is introducing a new incentive for participation in activities, Rosewood Rubies! They are a Rosewood-exclusive currency handed out as prizes for games or participating in specific activities. On the calendar, \$\$ will be listed next to certain activities. This symbol means Rosewood Rubies will be given out at this activity. Each month, beginning in August, we will have the Rosewood Market. At this event, residents can use their Rubies to purchase anything — ranging from basic hygiene items and snacks to seasonal decorations and room decor. Tori will have a bag in her office for each resident to keep their Rubies in so they are not lost. Please reach out to Tori if you have any questions about this new incentive!

Dr. Pierre Barkhuizen

Dr. Barkhuizen is a smiling face around Rosewood. Originally from South Africa, he moved to the United States in 1982. He's lived in Michigan, South Carolina, Florida, and Georgia. He loved living in Florida because it's always sunny and beautiful. After medical school, he practiced adult internal medicine for many years. He loved being able to help people and provide them with quality care. He enjoys watching the Braves or the Falcons as well as reading true crime books. One fun fact about him is he loves to go skydiving. He said it is really fun and exhilarating. We are all so grateful to be able to know you, Pierre. We love having you in our community!

FUN FACTS

- » The name June is the modern day adaption of the Latin word Junius, which has its origins dating back to the ancient Romans.
- » There are multiple theories as to what the month of June was named after. One theory is that it was named after the Roman goddess of marriage, Juno. Another theory is that its name originates from the Latin word iuniores, which translates into "younger ones". Yet another possibility is that the month was named after Lucius Junius Brutus, the founder of the Roman Republic.
- » June was called sera monath by the Anglo-Saxons, which translated into "dry month".
- » June used to be the fourth month in the year. Before Julius Caesar came to power, the calendar year only had 10 months. In 46 BC he created the Julian calendar by adding two more months to the year, which made June the sixth month.
- » No other month in the year begins on the same day of the week as June.
- » June has both the longest and the shortest days of the year, depending on where you're standing! If you live in the northern hemisphere, then June 21st is the longest day of the year. If you live in the southern hemisphere, then the 21st is the shortest day of the year.
- » The first day of summer in the northern hemisphere is June 21st.
